

Protection to Production Workshop

The [From Protection to Production \(PtoP\)](#) project is a multi-country impact evaluation of cash transfers in sub-Saharan Africa. The project is a collaborative effort between the FAO, the UNICEF Eastern and Southern Africa Regional Office and the governments of Ethiopia, Ghana, Kenya, Lesotho, Malawi, Zambia and Zimbabwe. Project activities are mainly funded by the Regular Fund, the DFID Research and Evidence Division and the EU.

The PtoP project is also part of the larger Transfer Project in which FAO has joined UNICEF, Save the Children UK and the University of North Carolina in supporting the design, implementation and impact evaluation of cash transfers in sub-Saharan Africa
